The School District of Philadelphia School Profiles website serves as a reliable, all-inclusive source of information about all public District, charter, and alternative education schools.

You can use this tool to:

- Look up information about local schools
- Find a school’s contact information
- Compare school performance data
- Breakdown data by student subgroup
- Review school progress over time
- Explore progress towards District goals
- And much more!

Check out the Video Tutorial & User Guide to help you navigate the site
